Connecting Learning To Life

October 1, 2020

Dear International School Colleagues:

Re: Letter Recommendation For Jeremy Neldon

I am currently the Associate Head of School at Saigon South International School (SSIS) and I am pleased to write this letter of recommendation for Jeremy Neldon. I have worked with Jeremy here at SSIS since July, 2013 and have come to know him well.

Jeremy consistently demonstrated leadership in his role as a teacher, he has a strong ability to relate to colleagues in a very professional manner, Jeremy developed strong, positive relationships with faculty and staff; his direct and transparent manner of communication resulted in him being one of the most trusted members of our teaching team.

Jeremy's work is precise, accurate, he is friendly toward all, while establishing high standards and delivering maximum quality in his areas of work. Some of his achievement are listed here:

- Team Leader for Grades 2 and 3 for 5 years. During which time he led the pilot of iPads 1:2 and 1:1 in both grades.
- Consulted on the content and format of the new ES reporting system.
- He worked on vertically aligning the EC - 12 Math Curriculum and co-wrote, shepherded, and presented a SSIS Mathematics philosophy statement.

From the begin of his tenure, Jeremy has volunteered his time to build community amongst our extended school family. As a co-organizer of our annual staff charity fundraiser, "Faculty Follies" Jeremy's dedicated service helped raise thousands of dollars toward paying for the education of the girls at a local orphanage while hosting a night of homegrown entertainment and camaraderie. As a tireless trip leader of weekend cycle tours in the vietnamese countryside, Jeremy's passion, expertise and generosity has helped many adults in our school community foster their own wellness and Balance in Life.

Jeremy's ongoing work with our families over his seven plus years, has endeared him as a lively and compassionate presence who has encouraged many children to more fully embrace their Sense of Self. I personally experienced Jeremy's dramatic impact during the SSIS tradition of the Grade Two - Senior Buddy Graduation Celebration.
